

# Mega FREE Book-Promo List

## 1 - Stack Strategy

### Pricing:

Make your book free, enroll in Kindle Unlimited. We are going for maximum exposure. That doesn't just mean high rank, it means sustained rank.

### Airplane Method:

We absolutely want to catch the attention of Amazon's book-recommendation engine. So we need to show the algorithm that we are getting sustained sales. We also need to show the algorithm that we are getting more sales each day. In other words, the airplane is lifting higher and higher.

We will do this over a three-day period.

In this PDF, you have 50 free book-promo sites and 30 Facebook groups. I recommend you use ALL the Facebook groups on the first day PLUS 10 of the book-promo sites. The second day you will use 15 of the promo-sites. The third day you will use the remaining 25 promo-sites.

The Facebook groups will give you slow, but sustained sales over the course of your promotion. The next two days we will add more power with the book-promo sites. The cumulative effect of this can be very powerful.

Of course, all this will depend on scheduling and availability. But make every effort to ramp up sales over a three-day period. This will convince Amazon's algorithm that your book is on the rise and desirable.

## 2 - Submission Services

If you have no time, but you do have a few extra bucks, I recommend you hire a Fiverr to do all the submitting for you.

Important: Send them a copy of this PDF and tell them to submit to every single site and Facebook group on this list. Of course, let them know that you want it to be a three-day 'airplane' promotion. They are simply going to follow this list. That will make their life easier, and your life easier.
